Costa de Caparica, Portugal

**** Submission Form ****

Workshop title:	
Brief description: (motivation, relevance, framing within the overall arena in the field)	
Main goals:	
Proposed format:	
Envisioned publication possibilities:	
Main Organizers (MO) / Program Committee (PC) (please identify MO and/or PC with respective: name, affiliation, contact)	
Workshop past history/editions (if applicable)	
Call for papers draft (optional at application stage)	If available please attach with this form
Advertising Plan:	

Please note that although workshops may benefit from conference dissemination plan and its high visibility among the community in the field, workshop organizers will be responsible to issue their own call for papers and disseminate it. Additionally, organizers should produce (and make available) a (micro) website dedicated to the respective workshop and manage registration process.

Workshop program committee will be empowered to manage and supervise the review process regarding papers submission and respective acceptance/rejection.
